no date-Bartol gift?

The first part of the paper is devoted to a discussion of the
 various methods which have been employed for the determination of
 the rate of reaction between the various components of the
 system. It is found that the rate of reaction is dependent upon
 the concentration of the various components, and that the rate
 of reaction is also dependent upon the temperature of the system.
 The second part of the paper is devoted to a discussion of the
 various factors which influence the rate of reaction. It is found
 that the rate of reaction is influenced by the concentration of
 the various components, and that the rate of reaction is also
 influenced by the temperature of the system. The third part of
 the paper is devoted to a discussion of the various factors which
 influence the rate of reaction. It is found that the rate of
 reaction is influenced by the concentration of the various
 components, and that the rate of reaction is also influenced by
 the temperature of the system.

Cooper, Susan Fenimore, 1813-1894.

*A.1907.1

Elinor Wyllys; or, the young folk of Longbridge. A tale. Edited by J. Fenimore Cooper.

Philadelphia. Carey & Hart. 1846. 2 v. in 1. 16°.

"Contemporaries assert that Cooper was certainly the author of this tale, the copyright proceeds of which were regularly received by him; the publishers of the work also believed him to be the author. He was so very unpopular at the time that he, very reasonably, deemed it best for the prospects of the publication that he should appear in no closer relation than that of editor." — *Foley*.
